30. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

a) INDUSTRY STRUCTURE & DEVELOPMENT, OPPORTUNITIES & THREATS AND OUTLOOK

Global Tea production in the calendar year 2023 was higher by around 100 million Kgs compared to previous year with Sri Lanka and Africa being the driving forces behind the surge. The Indian tea crop for the financial year 2023-24 was 1382.03 million Kgs as compared to 1370.83 million kgs in financial year 2022-23. India's Tea exports, which rose by almost 15% in 2022, was lower in 2023 on the back of the geopolitical situation as India faced challenges in some of the traditional markets including Iran, Russia and Turkey. The double whammy of sluggish domestic consumption and low exports dampened the overall price realisation. Average tea prices at auction centres in North India witnessed a decline of around Rs.17/- per Kg, while average tea prices at auction centres in South India decreased by approximately Rs.6/- per Kg compared to previous year.

Indian tea industry has been grappling with an acute financial crisis for the past few years as tea prices have failed to keep pace with the increasing cost of production. Indian tea prices have exhibited a compound annual growth rate (CAGR) of approximately 4% over the past decade while the cost of essential inputs have surged at a CAGR of 9-15% during the same period. The exponential increase in production over the past decade following the emergence of small tea gardens has resulted in surplus teas remaining in the system as domestic consumption levels and exports have not matched the increase in production. The organised industry has lost 1% of the crop every year for a decade majorly due to changing weather patterns and extreme climatic conditions.

The pie of quality tea in total tea production has shrunk over the years. With its aim to improve quality control and transparency through centralised auctions, the Ministry of Commerce recently issued notification mandating the sale of 100 percent dust grade teas through public auctions starting April, 1, 2024. This step where impartial testing for MRL compliance can be conducted will help to identify and map chemical misuse in cultivation of tea. It would lead to better price realisation with a positive impact on the revenue for tea producers, both big and small and also help in providing a safe and sustainable product to the consumer.

b) RISKS AND CONCERN

To maintain the level of operations, while ensuring strict compliance of guidelines issued and adhering to all preventive measures, has been a new challenge. The employees of the Company at all levels have risen to this and there has not been any loss of life or fixed assets.

The plantation industry is largely dependent on the vagaries of nature with factors like rainfall, its distribution, temperature, relative humidity and light intensity having its impact on yield. THE CRITERIA FOR PERFORMANCE EVALUATION OF THE
DIRECTORS OF THE COMPANY

The Board will assess its performance each year. The Nomination and Remuneration Committee is responsible to create a process for making such assessment to report annually to the Board on the results of the assessment process. The purpose of the assessment is to increase the effectiveness of the Board. The various Committees of the Board shall annually conduct a self-assessment of their performance and respective Terms of Reference.

Formal annual evaluation by the Board of its own performance and that of its Committees and Individual Directors shall also be done as outlined below:

The Company will follow a seven step system of the following processes for evaluation:

METHODOLOGY

What the Company hopes to achieve?

Clearly identified objectives will enable the Company to set specific goals for the evaluation and make decisions about the scope of the review. Such issues as the complexity of the performance problem, the size of the board, the stage of organisational life cycle and significant developments in the firm's competitive environment will determine the issues the Company wishes to evaluate.

Who will be evaluated?

With the objectives for the evaluation set, the Company needs to decide whose performance will be reviewed to meet them.

The Company needs to consider three groups: the Board as whole (including board committees), individual directors (including the roles of chairperson and/or lead independent director), and key governance personnel (generally the CFO and Company Secretary).

What will be evaluated?

Having established the objectives of the evaluation and the people/groups that will be evaluated to achieve those objectives, the next stage involves the evaluation becoming specific. It is now necessary to elaborate these objectives into a number of specific topics to ensure that the evaluation (1) clarifies any potential problems, (2) identifies the root cause(s) of these problems, and (3) tests the practicality of specific governance solutions, wherever possible. This is necessary whether the board is seeking general or specific performance improvements and will suit boards seeking to improve areas as diverse as board processes, director skills, competencies and motivation, or even boardroom relationships.

Who will be asked?

Internally, Board members, the CEO, senior managers and, in some cases, other management personnel and employees may have the necessary information to provide feedback on elements of a company's governance system.

Externally, owners/members and even financial markets can provide valuable data for the review. Similarly, in some situations, government departments, major customers and suppliers may have close links with the board and be in a position to provide useful information on its performance.

What techniques will be used?

Depending on the degree of formality, the objectives of the evaluation, and the resources available, boards may choose between a range of qualitative and quantitative techniques.

Who will do the evaluation?

The next consideration in establishing evaluation framework is to decide who the most appropriate person is to conduct the evaluation. If the review is an internal one, the chairperson commonly conducts the evaluation. However, there are times when it may be more appropriate to delegate either to a non-executive or lead director, or to a board committee. In the case of external evaluations, specialist consultants or other general advisers with expertise in the areas of corporate governance and performance evaluation may lead the process.

What do you do with the results?

Since the Board as a whole is responsible for its performance, the results of the review will be released to the board in all but the most unusual of circumstances. Where the evaluation objectives are focused entirely on the board, board members will simply discuss the results among themselves.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's report including Annexures to Board's Report, Corporate Governance Report, Management Discussion and Analysis, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that if there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it's probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative

factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We described this matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

"Annexure - B" to the Independent Auditor's Report of Even Date on the Financial Statements of Norben Tea & Exports Limited

The Annexure referred to in clause (f) of paragraph (2) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the Financial Statements of Norben Tea & Exports Limited for the year ended 31st March 2024.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Norben Tea & Exports Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- c) Current Investments are carried in the books at purchase value.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1. Measurement of Fair Values

Other borrowing costs are charged to the Statement of Profit and Loss in the year in which they are incurred.

3.4. Property, Plant & Equipment and Depreciation
